FYI: Temperatures were 50-54° with winds of 16-20 mph. The last time we had a comparable day was in 2008. Everything since has been around 10° warmer with much less wind. My best guess would be to take off about 10 secs for the 2K, about 20 secs for the 3K and 30 sec for the 4K unless someone was blocking the wind for you.
