NOTE: It was great to see everyone at the race! It was a great day to run as is any day. The course was in great shape despite all the changes we had to make for the mud. I apologize and I would guess that the course was short by about 15-20 seconds with the changes that were made from previous years. I can really tell which of you have been working on your form at practice and in front of a mirror. I hope that you learned as much from this race as I did. A special thanks to Shannon Smith, John Reece, Casey Belknap and Charlie & Monica Brennenman for all their help at the meet and with getting the course ready on short notice. I look forward to seeing everyone in Garnett in two weeks.
