NOTE: Great job for all those running their first cross country race! I was very impressed. The new course was in great shape and the weather was about 62° with very little wind so it was just about perfect running conditions. Keep working on your form and we will keep getting better! If you didn't get your award after the race, you may do so at practice or the next meet. I would guess that this course was about 5-10 seconds faster than the course we have always run in the past. A special thank you to Coach Johnson for getting the new course ready after all the rain and allowing us to use it.
