FYI: What a beautiful day for a run and on a great course that replicated the national course in Paris, KY! Temperatures were 72-74° with a South wind at just over 20 mph with wind gusts in the 30mph range. Since this is the first time we have held the meet at Grain Valley North Middle School my best guess would be to take off at least 10 secs for the 2K, about 20 secs for the 3K and 30 sec for the 4K unless someone was blocking the wind for you the entire way if you want to compare it to Garnett. It is not about the time. It is about the effort and what you learned today that will make you better in later races.
