NOTE: It is always a great day for running and racing! The weather was about 82° with light winds. Great job at the meet especially those of you in your first CC race ever! We look forward to having you with us in the future. Keep working on your form as it will be the one thing that will help you the most when you get tired in a race! A special thank you to Garry Sigle as well as Tony Wichmann, Mat & Bethany Maynor and all the Frye Family for all their help with the meet!
