NOTE: The weather was 80° with SW winds 10mph. In other words, a great day to race. But then every day is a great day to be able to run! I would guess that the course was about 10-20 seconds slower than last year due to the heat and air quality. It was even tougher for those that went out too fast.

It was great to see all the new faces! We look forward to having you with us in the future. I was really impressed with those running in their first cross country race ever! I look forward to seeing everyone in Emporia. Keep working on your form as it will be the one thing that will help you the most when you get tired in a race! A special thank you to everyone who helped put on the meet since I couldn't be there. A special thanks to Coach Spielman and Brad Wright for their help at the meet!
